About the Programme

The Integrated Teacher Education Programme (ITEP) is a 4-year integrated programme under which the students will have a Dual Major undergraduate degree in a specific discipline along with B.Ed. Keeping in view the mandate of the National Education Policy (NEP) 2020 and subsequent initiatives by the National Council for Teacher Education (NCTE) (Ministry of Education, Government of India, New Delhi), the School of Education at this institute offers **B.Sc.B.Ed (Secondary Stage)** with Majors in two different disciplines, namely Physical Sciences (Physics + Chemistry) and Mathematics. Apart from preparing teachers for the reconfigured school education system in the country, the ITEP will help impart disciplinary knowledge in the above-mentioned subjects so that the students gain in-depth knowledge. It would also ensure their admission to higher studies in the disciplinary streams, including higher professional education.

The ITEP at NIT Warangal is of 4-year duration across eight semesters of study. It is a Dual-Major Bachelor's Degree programme, with one Major in Education and the other in any of the following **TWO** disciplines:

- **Mathematics (with a Minor in Computer Science)**
- **Physical Science (Physics + Chemistry) (with a Minor in Mathematics)**

In addition, it intends to develop among student-teachers ethics of social engagement and capacities such as problem-solving, critical and creative thinking, communication skills, ethical and moral reasoning, etc.

The students joining this programme shall specialize in the secondary stage of school education, which will qualify them to become teachers at that stage.

The curriculum and detailed syllabi can be accessed by visiting <https://www.nitw.ac.in/>.
