MBA (Technology Management) Evening (2 years) - 2024

“TECHNOLOGY MANAGEMENT” - The new Mantra for Global Competitiveness

In the wake of policy of liberalisation, privatisation, and globalization, there has been a tremendous influx and exchange of technology in several fields which are vital for the growth of our economy. The proper exploitation of technology strongly influences business competitiveness, which is no longer a matter of choice, but a matter of necessity for survival in competitive business environment. The success of an organization increasingly depends upon Manager's ability to handle technological change and use it as a tool competitive edge. It is imperative that, if Indian Managers are to survive, compete, and excel in the global scenario, they need to be adequately equipped with understanding of issues connected with management of technology, viz., Technology Search, Technology Selection, Technology Assimilation, Technology Adaptation, Technology Indigenisation and Creation of New Technologies.

INNOVATIVE INITIATIVE OF OSMANIA UNIVERSITY:

In order to bridge the gap in Management education relative to Technology, the Department of Business Management, Osmania University, has taken a pioneering initiative, which is one of the first of its kind in the entire country to offer MBA (Technology Management) Evening Programme. The program is divided into two modules and four terms spanning over a period of two years.

VISION

“To strive for Excellence in the area of management education and training with focus on technology management, confirming to challenging standards expected by contemporary technology-driven organisations”.

PROGRAMME OBJECTIVES

The core objective of this programme is to turn out future managers, who would fully meet, the dynamic needs of the industry in a competitive and challenging environment. For this they should be proficient in different functional areas of management like Marketing, Finance & Human Resources Management and at the same time have the required core competencies in appreciating the issues relating to technology management.

The following are the broad objectives of the Programmes:

1. To provide strong conceptual base in all the facets of Management like Marketing, Finance, Human Resources Management, Quantitatives, MIS and Business Policy areas, and develop skills required for application of concepts to real life business situations.
2. To bridge the knowledge gap in management education with the focused inputs on technology management to meet the challenging requirements of contemporary technology driven organisations.
3. To equip the students with analytical frame of mind to comprehend and handle complex issues in relation to Management of Technology, viz., Technology Forecasting, Search, Transfer and Creation of New Technology.
