RECOGNITION

“ FDDI IS PLAYING A KEY ROLE IN IMPARTING EDUCATION, FACILITATING THE INDIAN INDUSTRY BY BRIDGING THE SKILL GAP IN THE AREAS OF FOOTWEAR, FASHION, RETAIL AND LEATHER ACCESSORY & LIFE STYLE PRODUCT, AND BECAUSE OF ITS CONTINUOUS CONTRIBUTION TOWARDS NATION BUILDING, FDDI HAS BEEN GRANTED THE STATUS OF “AN INSTITUTION OF NATIONAL IMPORTANCE” UNDER THE FDDI ACT 2017. ”

MESSAGE FROM THE CHAIRPERSON

Dear Students and Industry Partners,

Footwear Design and Development Institute (FDDI) which is having its twelve campuses across the country located at Noida, Fursatganj, Chennai, Kolkata, Rohtak, Chhindwara, Guna, Jodhpur, Ankleshwar, Banur, Patna and Hyderabad are improving the quality of education and leaving no stone unturned to achieve and surpass the expectations cast upon it as an ‘Institute of National Importance’.

To make mark on the educational spectrum, FDDI is in the process of consolidating these campuses and establishing FDDI as a brand in the educational landscape.

It has also developed strong competencies for promoting skill and knowledge in retail, fashion, and leather goods sectors. With India’s economy poised to grow at a significant rate for many years to come in future, these sectors, especially retail, will offer plenty of opportunities to graduating students.

FDDI has established Centers of Excellences (CoEs) at some of the campuses. These CoEs have been provided with the facility specifically equipped for addressing a particular thematic area of specialisation and is having the best available infrastructure and skills to not only aid research and development, but, also address concerns of the industry like product development, technological assistance and centres for incubation and entrepreneurship development.

FDDI is intensively engaged in the work related to quality & certification through its International Testing Centre (ITC) located at Noida and Chennai having physical & chemical testing laboratories. These labs are equipped with state of art testing facilities where testing of leather products, footwear, footwear components, textile products and miscellaneous articles made up of plastics is carried out. Prominent brands such as Adidas, Reebok, Puma, Nike, Renault, Nissan, and IOCL have used our lab for testing their products.

It is awarded with prestigious certifications and accreditations such as SATRA Technology Center-UK, ISO 9001 and ISO 14000 Certification and Bureau of Indian Standard Certification.

Recently, we have restructured the Noida & Chennai labs with new advanced machines for improving testing and inspection in a transparent manner.

I take this opportunity to extend a cordial invitation to the industry representatives as well as students on campus to become a part of this journey.

Thank you for taking the time to read this message.

**Best regards,
Ashish Dikshit
Chairman, FDDI - Governing Council**

MESSAGE FROM THE MANAGING DIRECTOR

Footwear Design and Development Institute (FDDI), with twelve campuses across India in locations including Noida, Fursatganj, Chennai, Kolkata, Rohtak, Chhindwara, Guna, Jodhpur, Ankleshwar, Banur, Patna, and Hyderabad, stands as a premier 'Institute of National Importance.' Committed to setting benchmarks in education, FDDI strives to excel in shaping the future of retail, fashion, and leather goods, aligning with India's economic aspirations and the leather and footwear industry's growth trajectory.

The institute aims to elevate its brand presence across the educational landscape by consolidating resources and expanding its impact.

To strengthen industry relevance and foster innovation, FDDI has established Centers of Excellence (CoEs) across seven campuses. These CoEs provide specialized resources, cutting-edge infrastructure, and high-end technology to support research, product development, and entrepreneurial ventures. Incorporating advanced methods, including Industry 4.0 technologies such as additive manufacturing, AI, and augmented reality, the CoEs emphasize FDDI's dedication to staying ahead of industry trends.

FDDI's International Testing Centers (ITCs) at Noida and Chennai are recognized by prestigious bodies, including SATRA, UK, and NABL, India. Equipped with modern facilities for testing leather, textiles, and footwear, the ITCs cater to prominent brands like Adidas, Nike, and Renault, reinforcing India's leather sector through Quality Control Orders (QCOs) issued by the Government of India. FDDI plays a critical role in implementing these standards, thus supporting the government's vision for the leather industry as a 'Champion Sector' under 'Make in India.'

Aligned with national initiatives such as 'Skill India,' 'Start-Up India,' and 'Aatmanirbhar Bharat,' FDDI imparts skills-based education through its four specialized schools: Footwear Design & Production, Fashion Design, Leather Goods and Accessories Design, and Retail and Fashion Merchandise. FDDI's hands-on approach combines theoretical learning with industry-specific training through seminars, webinars, industrial visits, and practical Quality Control exposure, which help students secure Intellectual Property Rights (IPRs) and bolster career progression.

FDDI's modern campuses offer advanced facilities like smart classrooms, IT labs, and internationally accredited testing centers, all designed to prepare students for professional challenges and entrepreneurial paths. Accredited with ISO certifications, FDDI sets rigorous quality standards for education, infrastructure, and industry collaboration, making it a Launchpad for students' aspirations. The institute's robust alumni network and industry partnerships testify to FDDI's commitment to nurturing professionals who drive innovation and lead in their fields. Prospective students will find FDDI a vibrant, supportive community that is committed to empowering them through a transformative academic journey. As FDDI continues to shape future leaders, the institute invites students and industry partners alike to join its mission of innovation, growth, and national advancement.

Sumeet K Jarangal

**Best regards,
DR. SUMEET KUMAR JARANGAL, IAS
MD, FDDI**

FROM THE DESK OF THE SECRETARY

Dear Students,

Responding to the need and sustained demand of the leather and footwear industry at a time when the industry was faced with several challenges that needed comprehensive and quick response FDDI was set up in the year 1986 under the aegis of the Ministry of Commerce, Government of India.

A Governing Council, consisting of a judicious blend of Government Representatives, Industrialists, Financial Persons and Academicians from all over the country has been constituted to supervise matters related to the institute.

The Government of India has a very strong vision of positioning India as a 'Global Manufacturing Hub' and achieving the ambitious target of USD 47 Billion by 2030 by the Leather and Leather Products Sector of the country. The leather and footwear industry holds an important place in the Hon'ble Prime Minister's drive to 'Make in India' programme and thus, has been chosen as a 'Champion Sector'.

Fulfilling the goals of Hon'ble Prime Minister's 'Vocal for Local', 'Make in India', 'Aatmanirbhar Bharat', 'Skill India', and 'Start-up India' Programmes, the need of the hour is to adhere to the 7S i.e. Skill, Scale, Speed, Sustainability, Supply Chain, Style and Sales which are interrelated factors that determines the effectiveness of Leather and Leather Products and Allied Sector.

Thus, being the apex institute, the onus lies upon FDDI which is imparting skill base training and education through its four schools namely, School of Footwear Design & Production (FDP), School of Fashion Design (FD), School of Leather Goods and Accessories Design (LGAD), and School of Retail and Fashion Merchandise (RFM).

Since its inception, FDDI has been a cornerstone of nurturing talent and fostering growth in the dynamic sectors of Footwear, Leather Products, Retail, and Fashion Design. FDDI got the "Institution of National Importance" status under the FDDI Act 2017, a testament to our unwavering dedication to nation-building and education.

At FDDI, we believe in setting the highest standards of education and infrastructure. Our state-of-the-art 12 campuses located across the nation, provide an inspiring environment for learning. Equipped with modern amenities such as smart classrooms, cutting-edge workshops, advanced IT labs, and internationally recognized testing centers, FDDI creates an immersive learning experience that prepares you for the challenges of the industry and grow as an entrepreneur.

FDDI has set up Centers of Excellence (CoEs) at seven of the campuses which are dedicated hubs of specialized knowledge, equipped to address industry concerns, conduct research, foster innovation, and provides one-point solutions for product development.

Col. Pankaj K Sinha

To meet the cutting edge technologies requirement such as additive manufacturing, AI application in design and data analysis, latest software's, and augmented reality application, digital enterprise, FDDI has initiated the processes of Industry 4.0 application through operationalization of these CoEs which are having the best available infrastructure and skills to not only aid research and development, but also to address concerns of the industry like product development, technological assistance and centers for incubation and entrepreneurship development. These centers underscore our dedication to staying at the forefront of technological advancements and industry trends.

FDDI has two International Testing Centre (ITC) one in North India (Noida) & other in South India (Chennai) recognized with prestigious certifications and accreditations, including ISO 17025 recognition from NABL, India and accreditation by Shoe and Allied Trades Research Association (SATRA), United Kingdom and well equipped with state of art testing equipment's. The center specializes in testing of leather, leather products, footwear (Safety, Fashion and Sports), footwear components, textile products & plastics.

To help in increasing production of quality footwear and establishing Indian brands in the global markets, the Government of India has issued Quality Control Order (QCOs) for the leather and foot- wear sector. This has paved way for FDDI ITCs enhancing its scope of testing. FDDI is instrumental in implementation of QCO and resolving the teething problem of the industry. It is and contributing in finalization of standards and also in sensitizing the industry about the implementation of QCOs.

These accolades reflect our unwavering commitment to quality education, industry relevance, and global standards.

For furtherance of the skills & knowledge and to secure the career progression, seminars, webinars, industrial visits, hands on Quality Control & testing are carried out by the Institute. They are also encouraged for filing of 'Intellectual Property Rights' (IPRs).

As you explore our diverse range of Bachelor's, Master's degree, PhD programs, short-term industry-specific courses, and specialized training, you'll find that FDDI isn't just an institution; it's a Launchpad for your dreams. Our expert faculty, in collaboration with industry leaders, crafts a curriculum that seamlessly blends theory with practice. The hands-on experience you gain on cutting-edge machinery and workshops sets you on the path to becoming proficient and industry-ready professionals and world-class leaders.

Our strong alumni network and industry collaborations speak to the credibility and impact of an FDDI education. We pride ourselves on nurturing professionals who drive innovation, steer change, and shape the future of their chosen fields.

As you contemplate your academic journey, envision FDDI as more than a college—it's a community that will challenge, inspire, and empower you to realize your full potential. Our commitment to your growth, coupled with the nurturing environment we provide, assures that your time at FDDI will be a transformative experience.

I invite you to join us on this path of discovery, innovation, and excellence. Together, let's build a future that not only enhances your career but also contributes to the growth and development of our nation and industries.

**Best regards,
Col. Pankaj Kumar Sinha

FOREWORD

The FDDI, under the aegis of Ministry of Commerce & Industry, has been playing a pioneering role in shaping the development of the Footwear & Leather sector in India.

It has been at the fore-front of providing technical education and expertise in this sector, propelling India to become the 2nd largest producer of footwear, 2nd largest exporter of leather garments and 5th largest exporter of leather goods in the World. The footwear industry in India now contributes about two per cent to India's overall GDP and providing job to about 4.42 million people, making the sector one of the top employment generators in the country. Additionally, with the Apparel and footwear sector growing in double-digits in the last few years, they are likely to propel growth in organized retail segment as well in the coming decade.

FDDI has completed 38 eventful years making significant contributions to the footwear, leather and allied industry through its academic programmes in design, technology and management, capacity building through skill up gradation to compete globally and offering technical assistance and support to the leather industry for product development, quality assurance, technology enhancement and other managerial, environmental and business solutions.

For the purpose of upgrading the skill at grass route level, for the unorganized sector, FDDI has provided training to the artisans in remote villages/ SMEs clusters engaged in the leather/footwear sector by 'spreading & sustaining a technology culture in the leather sector' .

FDDI is among the top three Institutions in the World taking up higher education in the core domain and aiding in bridging the skill gap in the areas of Footwear, Leather Accessory & lifestyle products.

In its zest for fostering the culture of innovation as part of its vision for shaping the future of Footwear & Leather sector in India, FDDI has established Centres of Excellence across seven of its campuses in different areas such as FDDI Rohtak – Center for Non-Leather Footwear, Products & Accessories, FDDI Jodhpur – Center for High Performance/ Specialized Footwear & Products and Start Ups, FDDI Kolkata- Center for Leather Goods, Garments & Accessories, FDDI Chennai – Center for Design, Development & Fabric Interface, FDDI Hyderabad – Center for Design, Development & Fabric Interface for Leather Products & Accessories- Extended and FDDI Patna- Center for Leather Finishing Innovation & Product Retailing.

Many of the leading Indian industrialists act as academic and governing council members of this Institute and participate in its academic matters such as curriculum upgradation, programme designing, expertise lectures, etc. It offers a vast range of academic programs in the niche areas of Footwear, Fashion, Retail & Leather goods such as B.Des., BBA, M.Des. and MBA through its four schools namely School of Footwear Design & Production, School of Fashion Design, School of Leather Goods & Accessories Design, School of Retail & Fashion Merchandise. The programme curriculum includes creative workshops, case studies and meetings with professionals to understand the specificities of fashion and footwear related careers.

For furtherance of the skills & knowledge and to secure the career progression of the students, industrial visits, seminars, webinars are conducted by the Institute throughout the year.

To provide a unique learning experience and facilitate global industry exposure for students, FDDI has been building strong international linkages and tie-ups through technical trainings and application-based managerial specialized courses in the fields of Footwear Fashion/Styling and CAD, Marketing, Merchandising, Buying/Sourcing, Costing and Quality Management in the Footwear Retailing sector.

FDDI has worked very diligently to maintain its position as one of the key industry partners and a preferred sourcing destination for talent acquisition pertaining to leather, fashion, footwear and retail industries.

With the admission cycle for academic year 2025-26 now being initiated, we are fully committed to creating industry relevant graduates and tomorrow's business leaders.

ABOUT FDDI

Footwear Design & Development Institute was established in 1986, under the aegis of Ministry of Commerce & Industry, Govt. of India with major objectives:

- To Develop Human Resources within the country by imparting appropriate knowledge and skills to promote the rapid growth of footwear and allied industry in the country
- To provide and develop appropriate infrastructure for the Indian footwear industry to enable it attain international standards of production and
- To particularly promote the growth of export production of quality footwear and allied products from the country

FDDI offers Bachelor, Masters, PhD programmes in the areas of Footwear Design & Production, Fashion Design, Retail & Fashion Merchandise and Leather Goods & Accessories Design, besides offering short term Industry specific programmes.

FDDI is playing a key role in imparting education, facilitating the Indian industry by bridging the skill gap in the areas of Footwear, Fashion, Retail and Leather Accessory & life style product, and because of its continuous contribution towards nation building, FDDI has been granted the status of “Institution of National Importance” under the FDDI Act 2017.

FDDI has Pan India Presence with 12 state-of-art campuses spread across the country. It has world class Infrastructure & Facilities (equipped with Smart Class Rooms, Workshops with latest machineries & equipment's, High tech IT lab, High end Product development Centre, International Testing Centre, Comprehensive Library, Auditorium & Sports facilities, and In campus Hostels etc.), created across the functional domain to ensure international standards of higher education, training & delivery for Footwear, Leather products, Retail and Allied Industries - 360° interventions under one umbrella.

FDDI'S UNIQUE PROPOSITION

- ❁ FDDI is a premier academic and training institution dedicated to the development and growth of the Footwear & Product, Leather Products, Retail and Fashion Merchandise and Fashion Design sectors.
- ❁ Institution of National Importance (INI) like IITs and IIMs that has the authority to grant degree. Academic programs covering niche areas like Footwear, Fashion, Retail & Leather Goods all under with holistic interventions under one umbrella.
- ❁ Curriculum designed and developed by experts from eminent institution/ organizations such as University of Northampton (UK), IIT, IIM, etc.
- ❁ Courses designed to provide real Industrial experience resolving challenges faced by industry through Internship, Live projects, Field visits, Case studies etc. with well qualified faculties.
- ❁ FDDI has international partnerships for training and consulting with countries like South Africa, Vietnam, Ethiopia, Nepal, Bangladesh, Sri Lanka among others.
- ❁ Alumni have grown to key positions in the industry such as Vice President, CEOs in national and multinational companies.
- ❁ Centralized placements – equal opportunities for all candidates.
- ❁ 7 campuses of FDDI approved as “Centre of Excellence” to take up research and innovation, as pioneer, in the core domain
- ❁ World class laboratories and testing centers at Noida and Chennai with state of art testing equipment’s mostly from SATRA, UK and PFI, Germany

PAN INDIA PRESENCE WITH 12 FULL-FLEDGED CAMPUSES

FDDI is known for nurturing high end trained specialized professionals through its programmes. The Institute has a strong Alumni base and strong industry linkage. Almost all the leading Industries of the country are associated with the Institute and have a key participation in academic matters such as Programme design, curriculum upgradation, expertise lectures, as academic and governing council members etc. Due to the excellent quality of skill development, contemporary industry oriented curriculum and hands on experience on state of the art machine and workshops, FDDI holds an excellent record of placements in the industry.

VISION AND MISSION

OUR VISION

“In our endeavor to make India the leading hub for Design, Technology, Retail and Management in the world, we shall take necessary steps for creating quality infrastructure for design, development, production and support service system for the Indian industry. Our efforts would be in the direction, which makes this Institute the world leader in the field of fashion design, technology, retail management due to the quality of our products & services, response and cost effectiveness.”

FDI

OUR MISSION

“Our Mission as an institution is to provide world-class education, foster research and development, evolve innovation application and encourage technology, entrepreneurship and ultimately mould young men and women capable of assuming leadership of the society for the betterment of the country.”

ACCREDITATION, MEMBERSHIPS & CREDENTIALS

The Footwear Design and Development Institute Act 2017 published in the Gazette of India on August 5, 2017 confers Statutory Status on the Institute. The President of India is the ‘Visitor’ of the Institute under the Act. The Act empowers the Institute to grant degrees, diplomas, certificates, or any other qualification and to confer awards, honorary degrees or other academic distinction or titles.

FDDI is the first training Institute in the area of core competencies to be awarded various prestigious certifications / accreditations from leading international organizations.

EDUCATION COLLABORATION

FDDI recognized by National Council for Vocational Training (NCVT) as its awarding body.

FDDI collaborate with Tomas Bata University in the Czech Republic to establish a student and faculty exchange program, fostering cross-cultural learning and innovation. This partnership aims to enhance academic experiences and global perspectives for both institutions.

The Study in India portal, an initiative by the Government of India led by the Ministry of Education in partnership with the Ministries of External Affairs, Commerce and Industry, and Home Affairs, promotes quality higher education in India. It provides essential resources on courses, scholarships, and admission processes for international students to reinforce India's role as a global education hub. FDDI is proudly listed as a partner institute on this platform.

Recognized by Ministry of external affairs for awarding Atal Bihari Vajpayee General scholarship scheme for international student.

Pt. Deendayal Upadhyaya National Institute for Persons with Physical Disabilities (Divyangjan) PDUNIPPD, an autonomous organization under the Ministry of Social Justice & Empowerment, collaborates with FDDI to advance orthotic technologies in footwear, focusing on joint research in biomechanics and materials, product development utilizing FDDI's design expertise, and educational programs to share best practices for supporting individuals with physical disabilities.

The primary aim of this institutional collaboration is to enhance LFMEAB's capabilities in preparing, developing, and delivering training and related services for the footwear and leather goods sector in Bangladesh.

FDDI and ICAR-NINFET have joined forces to enhance academic and research collaboration, opening doors for innovative product development through advancements in materials and design. This partnership aims to drive forward both institution's capabilities in creating impactful, industry-leading solutions.

FDDI has taken a leading role in fostering skill development and industry alignment by partnering with Careerself Service Pvt Ltd, Allure, REC, and Galgotias University. Through these collaborations, FDDI is extending its expertise and resources to benefit students and faculty from other institutions, enhancing academic growth, industry readiness, and career opportunities across the board to bridge academia and industry, supporting India's vision of enhancing its global stature in the footwear and leather sectors.

Educational Methodology

At FDDI, the academic transaction methodology provides students with a holistic understanding of their subjects and contexts, fostering innovation and adaptability. The curriculum blends contact hours, studio practice, group work, and self-study, emphasizing immersive learning through hands-on experience and reflection.

Interdisciplinary Minors

Students can choose from a variety of interdisciplinary minors that enhance their knowledge and skills, supporting diverse career paths. These options provide valuable insights that can complement their primary studies or open new avenues for professional growth.

Integrated assignments

Integrated assignments are designed to foster holistic understanding by requiring students to synthesize their knowledge and skills across various subjects. This approach ensures comprehensive evaluation and encourages a deeper assimilation of learning.

Specialization

Students can enhance their core majors through focused specializations, providing them with a competitive advantage in specific industries. Additionally, floating majors are available for those eager to explore topics beyond the traditional curriculum.

Academic Mentoring

Each student is paired with an academic mentor in addition to their subject mentor, offering personalized guidance to identify strengths and areas for improvement. This mentorship supports students in selecting deepening specializations and interdisciplinary minors, complementing the academic mentoring they receive during internships and graduation projects.

Craft Cluster Initiative

All FDDI students will engage in an immersive experience with a craft cluster, featuring lectures and demonstrations by master artisans. This initiative includes visits to the craft cluster to explore the techniques, practices, and the socioeconomic and cultural context of the craft. Students will also have opportunities for co-creation and design infusion in areas such as product development, branding, and marketing.

Industry Connect

The new curriculum strengthens FDDI industry engagement by formalizing visits to industry sites, exhibitions, and fairs. It includes coursework conducted in industry environments, along with mentorship and live classroom projects based on real industry briefs.

Continuous Evaluation

FDDI courses emphasize creativity and flexibility, aiming to produce well-rounded graduates skilled in millennial competencies. The evaluation process is designed to recognize the nuances of creativity and innovation while ensuring fair and impartial assessment.

Media coverage in Times of India newspaper for six patents led by FDDI Hyderabad in the year 2022-2023 for 'Creative Shoes';

The cornerstone laid down by National IPR policy and the efforts made by Footwear Design and Development Institute (FDDI) Hyderabad campus has transpired into a credible achievement by making six patents with various streams in 'Creative Shoes' which will further increase the research thesis.

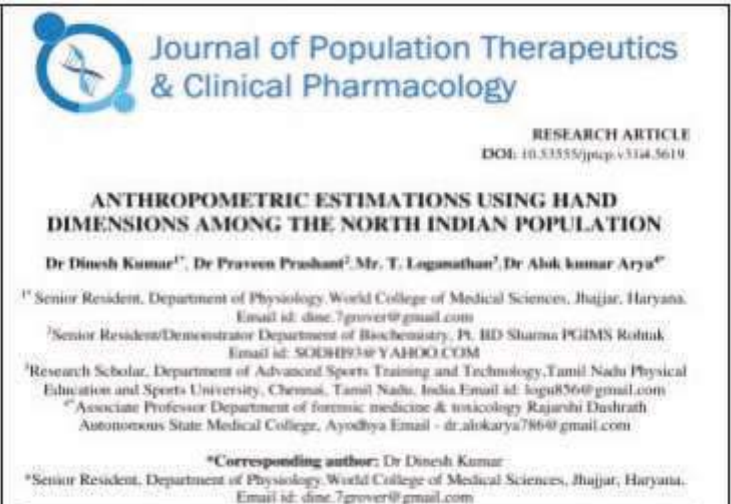

Adding another feather in FDDI's cap, student of Chennai campus presented the research paper at 21 UITIC Congress - Milano, Italy

Mr. Hrishikesh Ranjith, a student of FDDI, Chennai campus of 2019 - 2023 batch of School of Footwear Design and Production (FDP) presented his ground-breaking research paper titled "Novel Running Shoe Design for Persons with st Plantar Fasciitis" at the prestigious 21 UITIC Congress held in the vibrant city of Milano, Italy from 20 to 22 September 2023. His presentation at the UITIC Congress in Milano is not only an opportunity for him, but, also a moment of pride for FDDI and the entire footwear community.

Invention by Faculty of FDDI, Hyderabad campus Filed & Published in Indian Patent Office Journal

Mr. Loganathan T, a Faculty of School of Footwear Design & Production (FDP), of FDDI, Hyderabad campus has led and published an invention in the Indian Patent Office Journal. His 12 research papers have been published in reputed international journals covering topics like Biodegradability, Tanning systems, Sports footwear, Environmental science, evaluation study about leather etc. His invention of Design and Development of Sustainable Sports Shoes using natural plant based alternative.

The invention emphasizes sustainability by incorporating energy-efficient production processes and potential recycling or biodegradation options, aligning with the growing demand for eco-friendly and cruelty-free products. In essence, this groundbreaking invention seeks to revolutionize the footwear industry by combining sustainability, style, and performance.

ACADEMIC PROGRAMMES OFFERED

FDDI offers Bachelor and Master Degree & PhD programmes. Most of these programmes have been developed after an initial survey of the demand for such studies. They are launched with a view to fulfil the student's need for:

- Improvement of skills
- Acquisition of professional qualification,
- Continuing educational and professional development at work place,
- Diversification of knowledge
- Self-enrichment

Increased Industry interaction for students through classroom projects, internships and graduation project is the focus of the restructured curriculum. Students are provided with understanding of technical, managerial and design fundamentals along with a strong exposure to real life situations so that they are able to adopt industry ready skills.

BACHELOR DEGREE PROGRAMMES

1. Bachelor of Design (B. Des.): Duration: 4 Years (8 Semesters)

- B. Des. (Footwear Design & Production) (B.Des. – FDP)
- B. Des. (Fashion Design) (B.Des. – FD)
- B. Des. (Leather, Lifestyle and Product Design) (B.Des. – LLPD)

2. Bachelor of Business Administration (BBA): Duration: 4 Years (8 Semesters)

- BBA (Retail & Fashion Merchandise) (BBA – RFM)

MASTER DEGREE PROGRAMMES

1. Master of Design (M.Des.): Duration: 2 Years (4 Semesters)

- M. Des. (Footwear Design & Production) (M.Des. – FDP)
- M. Des. (Fashion Design) (M.Des. – FD)

2. Master of Business Administration (MBA): Duration: 2 Years (4 Semesters)

- MBA (Retail & Fashion Merchandise) (MBA – RFM)

DOCTORATE DEGREE PROGRAMMES

3. PhD Programme starting from Jan 2025 (For more information visit FDDI website).

SCHOOL OF FOOTWEAR DESIGN & PRODUCTION

School of Footwear Design & Production is the oldest School of FDDI, which is in existence since 1986, with the very inception of the institute. The School has a high reputation in academic/industrial fraternity and with grant of “INI status” to FDDI, is amongst one of the four leading Institute in the world offering higher education in Footwear Design, technology and management. The School is also engaged in competency building and development of Footwear sector in India and other neighboring countries/continents. The high end infrastructure equipped with latest Design Software & CAD, 3D Printing and related integrated technology, facilitate a close approximation of theory and practice which integrates academic environment with business reality and is an ideal atmosphere to foster Design Research & Innovation with hands-on training on industrial best practices, across the 12 campuses of FDDI. Because of the uniqueness of the programme, the students graduated from the school have a high acceptance in the industry with many of them being placed as the decision makers in Footwear Industry being a multi-billion dollars industry commands a premium place in world economy. **Footwear market size was USD 373.19 billion in 2021 and is expected to grow at the compound annual growth rate of 4.3% from 2022 to 2030.** The Industry is strongly concentrated in Asia where almost 9 out of every 10 pairs are being manufactured. India is one of the most favorable potential destination for manufacturing & sourcing for developed nations such as Italy, Germany, UK, USA, Hong Kong, France, Spain, Netherlands and Belgium.

India is the second largest Producer and Consumer of Footwear in global market. GOI has ambitious plans for the development and growth of the sector in the Prime Minister’s drive to “Make in India” and Atmanirbhar Bharat.

GROWTH DRIVERS OF LEATHER & FOOTWEAR INDUSTRY OF INDIA

- High growth potential for exports
- The ready availability of leather
- The abundance of essential raw materials
- Modernized manufacturing units
- World-class institutional support for Design & Product Development, HRD, and R & D
- Presence of support industries like leather chemicals and finishing auxiliaries
- Rapid strides in the areas of capacity modernization and expansion
- Skill development and environment management

B. DES. (FOOTWEAR DESIGN & PRODUCTION)

AIM

To create world class Footwear Designers who can demonstrate high degree of competence in Product Design, Fashion Forecasting, Product branding & management and through “Design in India” initiative can facilitate establishment of brand India in the global arena. The course also aims to create specialized professionals who can serve the critical functional domains of the Footwear & allied Industry and excel efficiently across the globe.

STRUCTURE

The four years’ course (1+3 years) comprises of eight Semesters wherein the first two semesters are to be treated as Compulsory Foundation year where the students will be given basic knowledge of Design, Design principles, process, 2D & 3D CAD , Materials, Ergonomic aspect of design and Design Projects to understand the intricacies involved in conceptualization an idea to conversion as a product and encourage experiential learning . In the last semester the students will be taking up Design Project/Research Project. Industrial internship is in built in the curriculum.

CONTENT

The course contents have been designed in close approximation with industrial need and the ongoing latest developments in the sector, globally. In the background of creating world class designers and professionals the course curriculum broadly includes Design thinking; tinkering studio; fashion & trend forecasting; Biomechanics; ERP, MRP & Digital manufacturing; Industrial Ergonomics; Internet of things; Technology, material & processes; Fabrication techniques; application of Block Chain & Big Data in Footwear; Smart Products/Wearable Electronics; Athletic & Sports specific Footwear etc. including the business aspects such as Product Costing Production planning & management, Marketing, Merchandising, Footwear Retailing & E-commerce besides soft skill development. Professional specializations are offered in the last semester (s) which includes design of Leather Fashion footwear, athleisure, jogging footwear, sneaker design perspective, knitting design software etc. The experiential learning and active industry/alumni integration are the core of pedagogy.

The curriculum has been designed by a team of experts from IIT- Delhi, one of the prestigious institutions of the country in the area of Product design & engineering.

CAREER PROSPECTS

The emerging large domestic market dominated by young population and the increasing role of the country in global trade, establishes a promising career opportunity in the trade as Footwear Designers for Fashion and Sport shoes, Product developer, CAD specialist, Footwear stylist, Merchandiser, buyer, Managers for Production planning, Quality management & control, Costing, specialists for handling E-Commerce, to name a few. The course also prepares individuals to take up entrepreneurship and the “Center of Excellences” established at FDDI campuses can help in nurturing the ideas and converting them into business acumen. The course has a track record of qualitative placement in leading Footwear Industries, Buying Houses and Allied Industry in India and abroad.

FOOTWEAR BRANDS SOURCED FROM INDIA

Acme, Ann Taylor, Bally, Charter Club, Clarks, Coach, Colehann, Daniel Hector, Deichmann, Dkny, Double H, Ecco, Elefanten, Etienneaigner, Florsheim, Gabor, Geoffrey Beene, Guess, Harrods, Hasley, Hush Puppies, Kenneth Cole, Liz Claiborne, Marks & Spencer, Nautica, Next, Nike, Cole Haan, Nunn Bush, Pierre Cardin, Reebok

FOOTWEAR BRANDS SOURCED FROM INDIA

Tommy Hilfiger, Tony Lama, Versace, Yves St. Laurent, Zara, Johnston & Murphy, Oocksteps, Timberland, Arrnani, Geox, Diesel, Ted Baker, Lacoste, Kickers, Calvin Klein, Siou45x, Brasher, Zegna, Massimu Dutti, Buggatti, Lloyd, Christian Dier, Salamander, Camper, Bata, Espirit, French Connection, Legero, Mercedes, H & M And Many More Famous Brands.

M. DES (FOOTWEAR DESIGN & PRODUCTION)

AIM

This program is intended to create Specialized Footwear Designers & CAD specialists and techno-management professionals who can understand the new dynamics of global business within a framework of business ethics and corporate governance and meet the ever growing demand of the Leather & Non Leather Footwear, Footwear Retail and allied industries in a highly modernized setup.

STRUCTURE

The two-year course is focused on in-depth understanding of Footwear (Leather & Non Leather) Design, Manufacturing, Management and Retailing. The course encourages Research based study of the relevant area to take up higher challenges in the relevant Industry.

CONTENTS

Besides having the in depth knowledge of materials, processes & manufacturing techniques, the specializations are offered in the area of Designing & Manufacturing of Fashion Footwear, Non-Leather Footwear, Safety Footwear, Ethnic Footwear, International Business and Footwear Retailing. The relevant Management subjects such as Product Costing, Testing & Quality Control, Six Sigma, Productivity Improvement Techniques, Marketing & Market Research, Product Merchandising along with Industrial Training and Projects are the integral part of the training program.

CAREER PROSPECTS

The two-year program is designed to create high end specialized Product Designers & techno-management professionals equipped with right skills and knowledge to serve various domains of Footwear design, manufacturing, retailing and related area, globally. With the unique structured blending of Design, technology and the application based managerial specialization the School offers promising career opportunities, both in India and abroad.

The course also extends further scope of pursuing PhD in the relevant area.

SCHOOL OF FASHION DESIGN

FDDI has emerged as one of India's leading centers for Fashion Design, a reputation based around its pedagogy and achievements of its graduates and the creative energy of its staff and students.

The School of Fashion Design at FDDI offers students a matchless introduction to the fast-paced, creative, and energetic fashion industry. Fashion education under this program aims to nurture creativity while providing a rigorous grounding in practical and technical skills needed for career success.

Our close ties with the industry let us immerse the students in what's happening now in this fast-changing field exposing them to the real demands and practices of the fashion world preparing students for success at every level, from haute couture to ready- to-wear to mass market.

FDDI-School of Fashion Design has been evolving creative talents for the ever-growing Indian Fashion Industry. We manage the demand for innovation by cultivating new opportunities and partnerships and traversing the worlds of design, technology, and enterprise. Programmes are structured through a process of interaction and dialogue with the fashion Industry, focusing on professional profiles which are of interest for companies represented by the leading trade associations involved in the project.

Growth Prospects of Fashion Design Industry in India

The Indian Fashion Design Industry is experiencing unprecedented growth, fueled by a rising middle class, global fashion influence, and the proliferation of e-commerce. With a rich heritage of textiles and craftsmanship, the industry combines tradition with innovation to cater to a diverse and fashion-conscious market. Celebrity endorsements and government initiatives have further accelerated this growth, making India a dynamic force in the global fashion landscape.

India's technical textile market likely to double in 5yrs: Secretary,(MoT)

The technical textile segment in India has in recent years shown robust growth, both internationally and in the domestic market, and the market is likely to double in the next five years, said Rachna Shah, Secretary, Ministry of Textiles.

“Within India, the market size is around USD 22 billion, and the goal of the government is to take it to USD 40-50 billion over the next 5 years,” she said while addressing the 6th edition of National Conclave on Standards and Regulations for Technical Textiles’ , here on 25th July 2023. According to the secretary, the global technical textiles market is around USD 260 billion and is expected to increase to USD 325 billion by 2025-26.

Technical textiles are defined as textile materials and products used primarily for their technical performance in various high-end industries.

On India's export of such textiles, Shah said the export of technical textile presently is USD 2.5 billion, and the government's objective is to enhance it to USD 10 billion.

"The government is working in the technical textiles sector with a multi-pronged approach with a focus on R&D activities in the technical textile sector including in fibre and in the development of its various applications. The focus is also on developing a skilling eco-system and skilled manpower for the sector," she was quoted in a press release.

The Secretary also stated that the ministry is working closely with various inter-ministries and departments within the government and state governments to increase the demand and penetration of technical textiles.

"One of the critical elements of the approach is focusing on standards and regulations for technical textiles as these are highly specialized products with high-performance requirements," she added.

Shah further informed that in addition to developing standards, it is also important to map the technical textiles with HSN codes as it will help track the trade of these products.

The HSN codes are in turn being mapped to various regulations and standards. A collaborative approach between the certification agencies, industry and various government ministries will be critical in ensuring the success of our initiatives and the growth of the sector, she said in her remarks.

B. DES. (FASHION DESIGN)

AIM

This programme is specifically initiated with the intent of making the students to have a global knowledge of various fashion sectors so they are able to blend them with local cultures. It further aims to make the students equipped to enter the world of fashion by developing their own creative universe while being adaptable to different styles, types of brand and market segments at the same time and get benefit from our large array of networks within the industry. The programme fosters to create design professionals who understand dynamics of global business environment and meet the ever growing demand of the Fashion Design sector.

STRUCTURE

It is a four years programme comprising of eight semesters focusing on inculcating a broad spectrum of design concepts and skills. Further, the design attitude of the students is developed through design thinking and creative problem solving process.

CONTENT

DESIGN FOUNDATION

This being the first introductory module of the curriculum the emphasis is on opening the horizons of the individuals in order to build designing and professional competency. The students are taught basic skills in conceptualization and idea generation to support their designs. The subjects broadly taught during the foundation year are Design Evolution, Observational Drawing, 2D&3D CAD, Tinkering Studio Design Thinking, Photography & Videography, etc.

SPECIALIZATION

The subsequent three years are devoted to promote the Technical expertise and Design excellence, introducing pupils to various Techno commercial aspects of the fashion industry and developing skills in the technical areas of garment manufacturing like Pattern Making, Garment Construction, Surface Embellishment, Dyeing & Printing, Textile studies, Fashion Styling & Merchandising, Software Training in Computer Aided Design (Adobe Illustrator, CLO-3D etc.).

With our close associations to the industry the curriculum is designed to nurture creativity while providing a rigorous grounding in the practical and technical skills needed for career success, exposing the pupils to the real demands and practices of the fashion domain.

The students get intensive training & education pertaining to design thinking & innovation, Aesthetics in Design and Fashion, Creative Pattern Making, styling, and organizing fashion shows. The students get ample opportunities to interact with buyers as well backstage with eminent designers learning the entire look and feel required for professional models for the ramp shows. One of the prime aspects of the curriculum is craft documentation where in the students travel to different part of the country and stay there with the craftsmen, to understand and learn our native crafts and accordingly develop innovative products to promote the Indian Craft. They also visit Production houses, Museums, Trade shows, printing and textile mills, and designer studios to enhance classroom studies.

We nurture the next generation of Fashion Entrepreneurs, Fashion Designers, Fashion Stylists, Make-up Artists, Fashion Photographers, Fashion Journalists and Fashion Event Managers. We give them the skills they need and provide them with unique insights into the workings of this ever-changing industry.

The School of Fashion Design has a State of Art Center of Excellence in Design, Development & Fabric Interface with Fashion Design which undertakes Industry Collaborative Research projects, students are encouraged to involve themselves in the same.

CAREER PROSPECTS:

The onset of the International fashion market in India has given an impetus to the fashion industry which has emerged as the booming industry and a career as a fashion designer is like a pot of gold. It is estimated that plentiful employment opportunities will be created in the field of fashion technology in recent future, because of this wide reach of fashion industry. This makes fashion industry the dream destination of many young women and men who aspire for glamorous and creative self-sustaining jobs.

Fashion designing is one of the most lucrative, appealing, glamorous and exciting career options in today's world. If you have a penchant for creativity, style and originality, a career in fashion designing is the one tailor made for you.

M. DES. (FASHION DESIGN)

Discover the creativity of Design at the FDDI through our Master of Design – Fashion Design (M.Des. FD) program. FDDI, renowned for its innovation and excellence in design education, invites you to embark on a creative journey like no other. Our M.Des FD program is a testament to our commitment to nurturing design talent and pushing the boundaries of creativity. With a dynamic curriculum, state-of-the-art design studios, Centre of Excellence, and a team of accomplished faculty members

deeply rooted in the design industry, We The School of Fashion Design offer a unique platform for students to explore their creative potential. Whether you aspire to redefine fashion or lifestyle, our M.Des. FD program equips you with the skills, knowledge, and industry insights needed to excel in the world of design.

AIM: This rigorous specialist Fashion Design course helps to equip the next generation of creative Designers for a dynamic career in Fashion design and innovation.

The M. Des in Fashion Design program offered by the School of Fashion Design, FDDI, empowers students with a well-rounded skill set and a global outlook to thrive in the vibrant world of fashion design. Guided by a well-balanced curriculum, the program nurtures students' creative expression, research capabilities, and technical proficiencies. Covering essential aspects from fashion creation and textiles to digital design and sustainability, students adeptly blend cultural sensitivities with market dynamics. The program also immerses students in specialized domains such as knitwear, accessories, and branding, complemented by insights into fashion photography, merchandising, and entrepreneurial insights. This transformative journey culminates in the creation of an advanced portfolio or research, laying the foundation for graduates to flourish as inventive fashion designers, enterprising individuals, and leaders within the industry.

COURSE STRUCTURE: "FDDI's M.Des. program is built on a firm foundation of dedication to design research. We understand that there is more to design than aesthetics, so we place an emphasis on research-based innovation in our curriculum. Our students learn to develop ideas that are not only aesthetically pleasing but also highly functional and sensitive to real-world problems by conducting thorough research into user needs, market trends, and emerging technology, also influential figures in the industry.

FDDI's M.Des. Fashion Design program trains students to be "visionary designers who lead the way in shaping a better, more innovative future through the power of design research" by emphasizing an interdisciplinary approach, an emphasis on ethical and sustainable design, and practical experiences.

Over the course of two years divided into four semesters, the M. Des in Fashion Design program at the School of Fashion Design, FDDI, offers a well-rounded educational experience. The curriculum strikes a balance between nurturing creativity, honing research abilities, and refining technical skills. Students engage with diverse subjects like fashion creation, textiles, pattern making, and digital design, blending cultural awareness with market insights. The program delves into different areas including knitwear, accessories, and branding, while also providing valuable knowledge in fashion photography, merchandising, and entrepreneurship. Culminating with an advanced portfolio or research project, graduates are equipped with a holistic skill set, ready to succeed as imaginative fashion designers, enterprising professionals, and influential figures in the industry.

COURSE CONTENTS: The two-year curriculum of the M. Des in Fashion Design program at the School of Fashion Design, FDDI, offers a comprehensive and well-structured journey through four semesters. In the initial year, **Semester 1** introduces students to fundamental concepts like fashion creation, textile studies, fabric structures, and digital illustration. They also engage with practical skills in pattern making and garment construction. **Semester 2** continues with an emphasis on fashion trends, research methodologies, and surface design, complemented by learning digital fashion design and experimental draping techniques. An industry internship during the summer provides real-world exposure. In the second year, **Semester 3** delves into creative pattern making, fashion accessories, and photography, while also exploring fashion merchandising and branding. Electives offer specialization in sustainable design or project management. **Semester 4** concludes the program with a focus on store design, intellectual property, and international fashion trends. Students culminate their studies by creating a portfolio or research thesis, fully prepared to thrive as versatile fashion designers, entrepreneurs, and experts in the industry.

DISTINCTIVE FEATURES OF THE COURSE:

The course provides you with an in-depth appreciation of the complexity of sustainable and ethical Fashion Designing in the contemporary global fashion industry. And is further supported by FDDI Centre of Excellence Centres

With a problem-solving approach to Fashion Designing, the course will give you a relevant grounding for your future

The course includes projects with industry clients, and regular industry speakers to ensure the curriculum remains relevant to current industry challenges.

A strong focus on creativity ensures you develop the skill sets to become a future creative leader in the global fashion industry.

The course will prepare you to successfully navigate the complex Fashion industry.

CAREER PROSPECTS: Graduates of the M. Des in Fashion Design program from the School of Fashion Design, FDDI, are well-equipped to embark on diverse and promising career paths within the dynamic world of fashion and related industries. With a comprehensive skill set and a global perspective, they have the potential to excel in various roles.

OUR STAR ALUMNI

Upon completion of the program, graduates may pursue careers as:

- **Fashion Designers:** Graduates can work as fashion designers, conceptualizing and creating innovative clothing lines that resonate with global trends while catering to specific cultural preferences. They can specialize in areas such as ready-to-wear, couture, or sustainable fashion.
- **Accessory Designers:** Those interested in accessories can design and create a range of fashion accessories, including jewelry, bags, footwear, and other embellishments.
- **Textile Designers:** With expertise in textiles and fabric structures, graduates can design and develop unique textiles, prints, and patterns for clothing and other applications.
- **Fashion Illustrators:** Graduates can work as fashion illustrators, visually representing design concepts and ideas through artistic and digital mediums.
- **Sportswear Designers:** Graduates may design and create specialized sport wear clothing and accessories, catering to the growing demand for unique sports & Fitness wear.
- **Digital Designers (Fashion):** The program equips students with Digital skills in pattern making and Virtual garment construction, making them well-suited for roles involving translating designs into Digital garments.
- **Fashion Merchandisers and Buyers:** Graduates with insights into fashion trends, forecasting, and merchandising can work as fashion merchandisers, responsible for curating and presenting collections in retail settings.
- **Fashion Stylists:** With knowledge of fashion photography and styling, graduates can collaborate with brands, magazines, and designers to capture and visually enhance fashion narratives.
- **Fashion Consultants and Educators:** Graduates can offer their expertise as fashion consultants, advising individuals and companies on design strategies, market trends, and styling. They can also pursue careers in academia, becoming fashion educators and sharing their knowledge with the next generation of designers. Can also peruse Higher education in research PhD etc.
- **Fashion Industry Professionals:** Graduates can work in roles related to fashion management, retail operations, supply chain, fashion events, and more, contributing to the efficient functioning of the industry.
- **Brand Managers and Communication Specialists:** Those with a background in creative branding and communication can contribute to building and maintaining brand identities for fashion houses and retail establishments.
- **Entrepreneurs:** Graduates can establish their own fashion labels, leveraging their design skills, industry knowledge, and innovative approaches to create unique and marketable fashion products.

AS A PROFESSIONAL FASHION DESIGNER YOU CAN ALSO WORK AS:

- Costume Designer in Film Industry
- Fashion Consultant
- Personal Stylist
- Technical Designer
- Graphic Designer
- Fashion Coordinator
- Fashion Journalist
- Freelance Designer
- Fashion Merchandiser
- Fashion Entrepreneurs
- Visual Merchandiser
- Fashion Stylist
- Fashion Quality Executive
- Fashion Photographers

SCHOOL OF LEATHER GOODS & ACCESSORIES DESIGN

FDDI's School of Leather Goods & Accessories Design is making students stand out in a creative world. The Leather, lifestyle & product Design program equips aspiring design professionals with a deep understanding of fashion, enabling them to bring forth inventive ideas across a wide spectrum, including UI/UX design, jewelry, leather bags & garments, handicrafts, personal accessories, home decor, and travel ware. This program is a career-focused education that remains highly pertinent in the present and possesses the adaptability to meet the evolving demands of the future.

Students who pursue a course here get a hands-on training with real life studio & live projects under the guidance of internationally reputed design professionals and Industry experts in making of leather, lifestyle and products.

Our program provides students with several advantages, such as:

1. A comprehensive education in design principles and the latest technologies.
2. Learning from experienced faculty who are experts in their respective fields.
3. Access to cutting-edge facilities and equipment.
4. A strong emphasis on practical, hands-on learning and project work.
5. Opportunities to connect with fellow students and professionals in the design industry.
6. latest trend topics – 3D Design, AI in fashion, product design projects, Ergonomics, Design management, user interface design, design for social needs, environment design, automotive interior design, home decor, jewelry design.

Graduates of our program have a wide range of career prospects. UI/UX is growing market, the job market for UX/UI designers is expected to grow faster than average over the next decade. According to the US Bureau of Labor Statistics, employment of UI/UX designers is projected to grow 13% from 2020 to 2030. They can work as UI/UX designers, automotive designers, home furnishing designers, 3D modelers, and more. They can also work in a variety of industries, such as technology, automotive, manufacturing, and entertainment.

GROWTH DRIVERS OF LEATHER GOODS MARKET

- Rapid urbanization is playing a significant role in the growth of the market
- Income level of various consumer groups
- Availability of Competitive Workforce
- Growing demand for leather upholstery in automotive
- As the tourism industry is booming, the sales of customized goods have increased

As per InVision's data, product design stands out as one of the most lucrative design careers globally. This is mainly due to the prevalent skill gap within the industry. Therefore, product design not only promises

earnings but also provides ample opportunities for career advancement. To gain a deeper understanding of how to pursue a career as a product designer and what the typical day-to-day activities of a product designer entail, further exploration is recommended.

B.DES:- LEATHER, LIFESTYLE & PRODUCT DESIGN

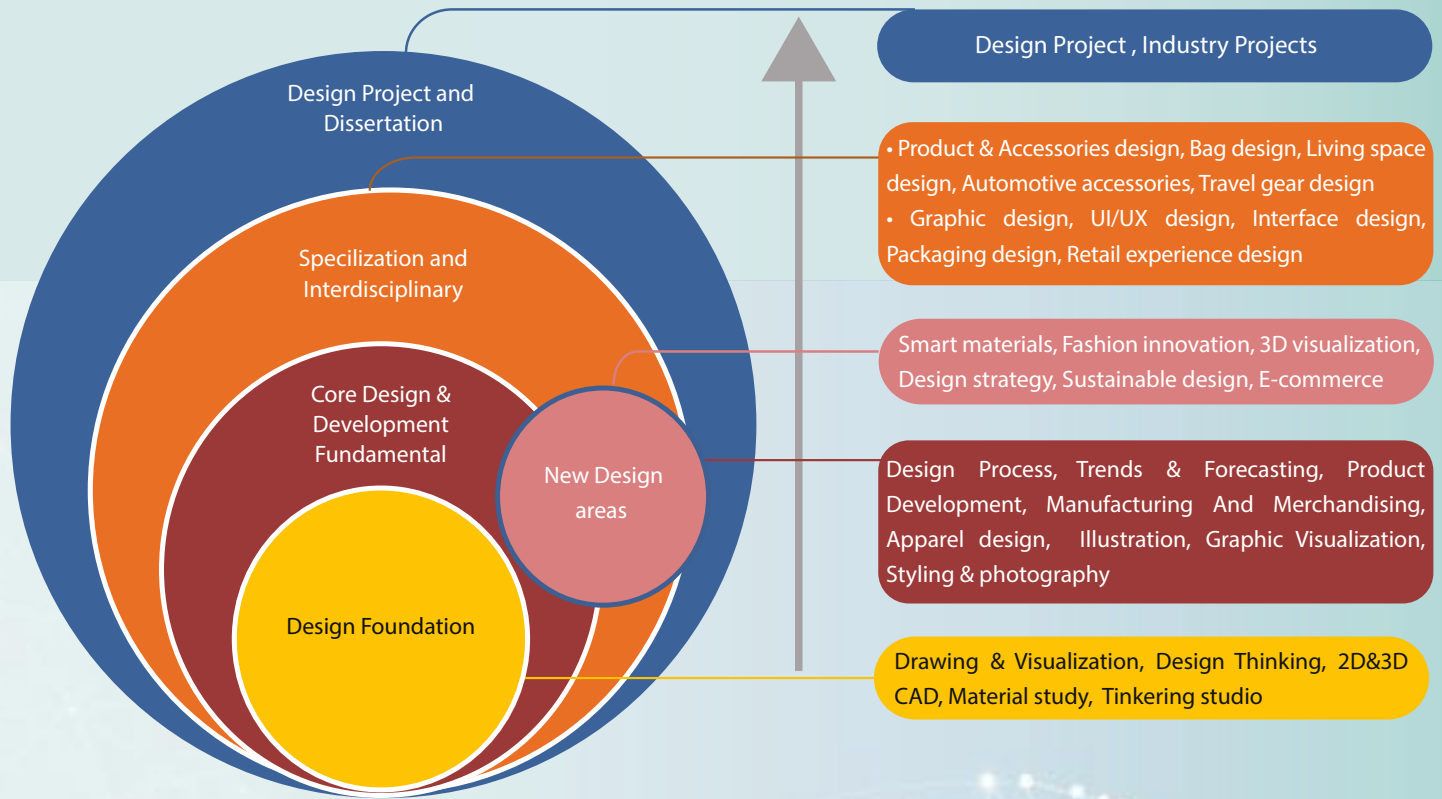

The Leather, Lifestyle and Product Design program nurtures design professionals with deep understanding of the domain of product design, lifestyle and accessory design and visual design. The program is amalgamation of core design subjects to deepen design and technical specialization and interdisciplinary courses that create alternate pathways for the students. The program is designed to address contemporary and emerging demands in areas of design and technology and hence create professionals who are future proof.

Aim:

The program aims to create pool of multidimensional design professional talents for national and international business sectors keeping in view the current and future demands of the industry.

STRUCTURE :

CONTENT :

DESIGN FOUNDATION:

The first year of the four years programme emphasizes on opening the horizons of individuals towards design thinking. The two semesters' rigorous training exposes the individuals to varied world of Fundamentals of Design and peripheral attitudes. The subjects broadly Orient towards are Observational Drawing, Design Thinking Process, Ideation and Innovation Technique, Material Studies, Essentials of Management and Software skills.

CORE DESIGN AND TECHNOLOGY FUNDAMENTALS

Here students understand the fundamental and the latest technical developments which govern the growth of the Leather, Lifestyle and Product Design sectors.

The modules orient the students towards Design Process techniques, Product development process, Product lifecycle approach, Idea and product Visualization (hand and software, 2D & 3D), Trend Forecasting, Machines Operations, Fashion history and culture, Design materials & Processes, Fashion Marketing and Merchandising, Human centered design, Graphic design, UI & UX etc.

SPECIALIZATION:

In the third year, students are using acquired skills and concepts to explore, design and develop products in different specialized area with hands on learning in the process. Emphasis is given to the usage of contemporary and futuristic principles and techniques in their design and development. Emphasis to create visual experience that aims to improve a design's /product's aesthetic appeal and usability with suitable images, typography, space, layout and color. Students are encouraged to create interfaces that optimize user experience and drive conversion.

Leather Goods / Accessories Brands sourced from India Coach, Liz Claiborne, Harrods, Yves St. Laurent, Tommy Hilfiger, Etienne Aigner, Geoffrey Beene, Marks & Spencer, Guess, Next, Pierre Cardin, Prada, GAP, Levis, H & M, British Home Stores, Banana Republic, Furia, American Eagle Outfitters, Bracciliani, Walmart etc.

The modules are designed with pool of courses leading to major in two different specializations:

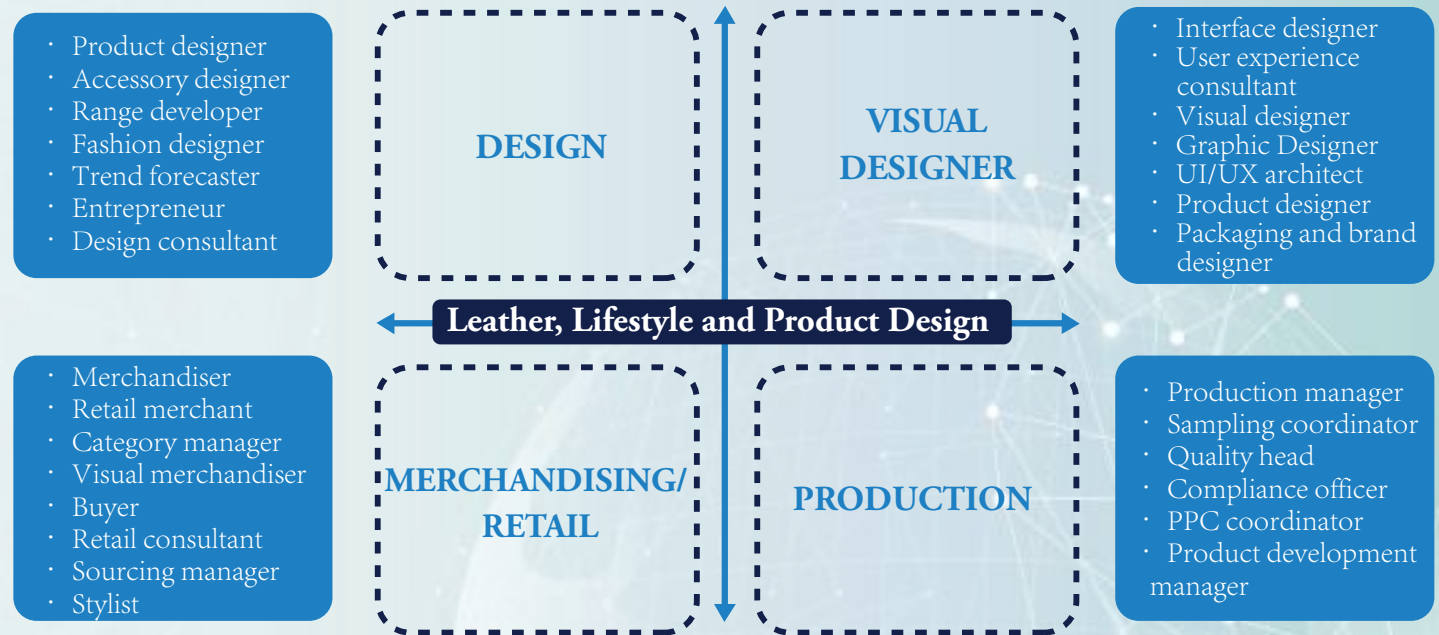

1st Lifestyle product and Accessory Design orienting towards the development of Women's and men's wear, Leather and lifestyle goods and accessory, Accessory design, business and retail gear, Home decor products, Outdoor gears, etc.

2nd Visual Design specialization oriented towards Graphic design, User experience design, Human interface design, Electronic and visual interface development, etc.

DESIGN PROJECTS, DISSERTATIONS AND INDUSTRY INTERNSHIPS

The last year focuses on building up industry, interdisciplinary research and management outlook of the students. The session focus on dissertations, creating Industry training and Internships, with inclusion of various projects and design development addressing customer, industry and social needs that helps to build up a sound portfolio and makes them industry ready.

CAREER PROSPECTS

SCHOOL OF RETAIL & FASHION MERCHANDISE

The School of Retail and Fashion Merchandise offers 4 Yrs Bachelor's degree and 2 Yrs Master's in Retail and Fashion Merchandise. These programs aim to inculcate in the student, the capacity, the drive, and the value based professional competence to address varied situations in the world of work that can be transformed into added business value.

Indian Retail industry is one of the fastest growing sectors in our country and also a major employment contributor in India. Indian Retail market is expected to reach \$1.1 Tn by 2027 & 2Tn by 2032 growing at 25% CAGR. There are several international and domestic business enterprises who have invested in Indian retail.

Retail is defined as the sale of goods to the public in relatively small quantities for use or consumption rather than for resale. It encompasses mainly at three different levels namely value, lifestyle and luxury. FDDI offers retail course at undergraduate BBA and postgraduate MBA (Retail and Fashion Merchandise) level. The Retail academic staff at FDDI comes from accomplished backgrounds with vast experience in the field of education and also from industry. This judicious mixture ensures availability of practical insights, in addition to theoretical inputs. At postgraduate level, the pedagogy is engaging students through discussions, role plays, lectures and industry projects. At undergraduate level, students learn in a class lecture setup along with individual projects and presentations.

Indian Retail Sector to Add 2.5 cr New Jobs by 2030*

(Source:
www.indianretailer.com/
Statement by Mr. Amitabh
Kant, CEO, Niti Aayog

'India's Online retail sector may touch \$325 bn by 2030'

(Source:
The Sunday Express
Date: 02/07/2023)

India's online retail market size rise mainly due to rapid growth of e-commerce in tier – 2 and tier- 3 cities, as per a Deloitte India report

- **2.5 times: To outpace offline retail in 10 years**
- **\$23 bn: Investments from private equity & venture capital firms in 5 Years**
- **220 mn: Online shoppers**

Online sales are poised to surpass organised retail, with a growing emphasis on Omni channel retail strategies “By harnessing the power of technology, sustainability and forward-thinking strategies, retailers can create an ecosystem that sets new benchmarks for value, engagement and unforgettable shopping experience,” said Anand Ramanathan, Partner, and consumer Industry Leader Consulting, Deloitte India.

BBA (RETAIL & FASHION MERCHANDISE)

AIM:

The Course aims at providing students with skills and knowledge to manage challenges in retail trade. This program fosters the intellectual, social and moral development of students. It aims to equip the students with modern day state of the art retail practices directed towards day-to-day needs of retail organizations. This program provides a platform for further education, training & employment.

The program emphasizes on acquiring the skills to capture market dynamics, retail planning systems, supply chain management and logistics and systematic retail operational studies for overall business growth. Most importantly, the program hones creativity, initiative, innovation and judgment along with intellectual insight to formulate, develop and communicate conceptual arguments rooted in a holistic perspective of the business context. The objective of this course is:

- To provide the necessary theoretical & practical inputs on fashion merchandise, retail and general management.
- To prepare a strong foundation for both the front-end & back-end store operations and management.

COURSE STRUCTURE:

Our curriculum at FDDI is designed to provide a comprehensive foundation in BBA retail and fashion merchandise, integrating theoretical knowledge with practical exposure to prepare students for dynamic industry demands. The program combines core subjects with specialized study areas, fostering creativity and analytical thinking. The key focus of the course includes subjects related to management, marketing, retail, fashion, design, research, and sustainability. Students are actively engaged in field observations, internships, workshops, industry lectures, and academic and industry projects to gain exposure to industry insights. The curriculum delivery combines theory, practical, and experiential learning to fit in with a desired outcome that has been extended over the years.

COURSE CONTENTS:

The purpose of this program is to provide students with a range of skills and knowledge suitable for employment in the retail industry and also for further study in India and abroad. Course contents include study about Retail concepts, Elements of Fashion, Fabric Study, Retail Management, Retail Operations, Buying and Merchandising, Product Knowledge in Footwear & Accessories, Visual Merchandising, Store Design, Franchising, Mall Management, Ergonomics, Supply Chain Management, Marketing Management, Human Resource Management, Retail Analytics, Team Management, Business Presentation, Workplace Readiness Skills etc.

CAREER PROSPECTS:

Employment in the retail sector accounts for a large and growing proportion of the Indian workforce. Graduates of this program find employment in the following areas:

Retail Store Visual Merchandising, Retail Merchandising, Buyers, Category Manager, Retail Operations – Area Manager, Retail Manager, Floor Manager, Department Manager, E-commerce Executive, Category Manager, Merchants etc.

MBA (RETAIL & FASHION MERCHANDISE)

AIM:

Focus of our Master's program in Retail Management is on developing a comprehensive understanding of different domains in the practice of retail management. The course aims at enhancing the critical thinking, reasoning skills, intellectual skills, particularly for retail sector.

This course aims at providing the knowledge, skills and analytical tools to enable candidates to learn skills needed to become a successful manager in retail by effective synchronization of the concepts at theoretical and practical levels. The course curriculum facilitates students in developing a holistic understanding of the retail industry thereby giving them an advantage over the others.

COURSE STRUCTURE:

The MBA-RFM curriculum is meticulously structured to foster advanced analytical expertise and strategic management skills tailored to meet the demands of the dynamic retail and fashion industry. This program's teaching strategy integrates structured learning with experiential engagement, encouraging students to master complex, industry-focused concepts. Each module is meticulously calibrated with designated contact hours and immersive activities that align with the curriculum's advanced scope, equipping students to navigate the sector's evolving challenges effectively.

The first year focuses on developing analytical tools and knowledge that support the rest of the curriculum. First-year program covers essential business functions (finance, marketing, and operations), management (research and human resources), and fashion (trends, product knowledge) in which the retailers operate.

During the second year, students go through an unparalleled range of core retail-specific subjects to enhance the basic retailing concepts developed in the first year. This portion of the program enables students to integrate the functional skills learned in the first year into understanding the retailers as a total enterprise. MBA (RFM) will help broaden the students' perspectives and knowledge in the retail area. We substantially revise the existing subjects regularly to respond to changes in the retail environment while keeping students' interests in mind.

Key components of the course include Marketing Management, Consumer Behavior, Sales and Customer Relationship Management, Retail Brand Management, Retail Concepts and Environment, Retail Merchandising and Buying, Retail Supply Chain Management, Visual Merchandising and also focuses on Fashion Studies and Product Knowledge.

COURSE CONTENTS:

This program covers a wide range of subjects including Retail Management, Brand Management, Consumer Behaviour, Fashion Studies, Store design, Visual Merchandising, Retail Merchandising, retail analytics, Product Knowledge in Footwear and Apparels, Retail Operation, Marketing, Site Selection, Retail Research, Retail Communication, Customer Relationship Management, Retail Financials, Sales Management, Supply Chain Management, Emerging technologies in retail, Retail ERP, Soft Skills and Corporate Skills, etc.

CAREER PROSPECTS:

After completion of program, students will have multiple opportunities and can join the fashion or retail industry as Retail Manager, Area Manager, Operation Manager, Management Trainee, Retail Merchandiser, Visual Merchandiser, Category Manager, Buyer, Department Manager, Floor Manager, Brand Manager, E-Commerce Manager, Digital Marketer, Researcher with various national & international brands like Uniqlo, Reliance Brands, Shoppers Stop, Lifestyle, Pantaloons, Aditya Birla group, Bata, Chanel, Burberry, Armani, Versace, Tommy Hilfiger, Puma, Zara and Benetton etc.

MBA Specialization in any one domain:

Merchandising / Operations / Visual Merchandising / Retail Technology / Niche Retailing.

(Note: Selection of aforementioned specialization is subject to minimum number of students as decided by the Institute, based on the availability of the requisite infrastructure.)

ALUMNI

Since Inception, we are proud to have produced more than 9000 leaders across different walks of life. FAA (FDDI ALUMNI ASSOCIATION) is dedicated to bringing together the Alumni community and present students at FDDI. Our Alumni are spread the world over and figure amongst the who's who in their respective domains. Some of our distinguished Alumni since inception in 1986 are:

Mr. Dharmendra Singh

OUR STAR ALUMNI

PLACEMENT CELL

The Placement Department plays a key role in counselling and guiding the students of the Institute for their successful career. It is a crucial interface for the students between the stage of completion of academic program of studies and entry into the professional world. The Placement department invites reputed National & Multinational companies for Internships & Placement of students across all campuses & courses. The department ensures proper counselling & grooming sessions to prepare students to face interviews, discussions & challenges that await them pre- & post- their career journey.

The Placement department invites stalwarts from the Industry for guest lectures, seminars, webinars, & events to share insights on latest trends, market scenario, economic growth, Industry need etc. Such sessions help in holistic development of students as they imbibe the practical learning along with academic learning.

PLACEMENT PROCESS AT FDDI

FDDI has a centralized campus placement process for all the 12 campuses of FDDI.

The Companies may send their manpower requirement at the placementcell@fddiindia.com or they may register through the link mentioned on the website of FDDI. Placement Department would respond to the requirement/query as per the confirmation for application received from students. Companies may extend Pre Placement offer to students during internship time.

EVENTS & ACTIVITIES

To showcase the creative skill and edifying creativity of the student community, the campus provides a suitable platform for the budding artists to bring to light the Indian culture and showpiece its present integration with the Western community by way of Co-curricular activities.

Students can develop their social and interpersonal skills by getting involved in various co-curricular activities. Various clubs like Sports, Cultural, and Literary are functional in the FDDI and these clubs and activities encourage our students to delve deeper into activities and subject areas that they are passionate about. Such activities also improve their teamwork skills, and ability to build meaningful relationship with friends and peers, as well as with junior and senior students. A core committee consisting of staff and students' members manages these clubs. Some of these events and activities include Footwear and Leather Expo, Inter College/School Design Competition, Knowledge Festival, etc.

CULTURAL ACTIVITIES

At our Institute, a well-rounded education goes beyond the classroom and that cultural events are essential for encouraging individual development, teamwork, and innovation. Campus is home to a wide range of societies, each providing a unique opportunity to explore a variety of interests. Every student has a place to express their passion, whether it is in literature, photography, dance, theater, music, etc. Our frequent activities and cultural festivals give students a vibrant stage on which to display their abilities, make friends, and develop their leadership abilities. Our students thrive academically and develop personally in a dynamic cultural environment thanks to these extracurricular activities that enhance the college experience and foster a strong sense of community.

5. Hostel Fees and Mess fees once paid is non-refundable after the allotment of hostel.

ADMISSION GUIDELINES

PROCEDURE FOR ADMISSION THROUGH COUNSELING :

Admissions will be made strictly on merit basis (Rank-wise) and counseling.

The programme & campus will be awarded to the candidates on the basis of their rank and preference.

Successful candidates will be called for the counseling in order of their rank based on aggregate score in All India Selection Test (AIST) 2025.

For Postgraduate programmes, the candidates who have opted for both M.Des. & MBA programmes shall be offered separate ranks in both the programmes.

Students will be called in the counseling in excess of the seats, therefore, there are possibilities that all the seats will be filled as per merit. Institute does not take any responsibility for any inconvenience caused to parents/candidates due to closure of the counseling prior to their turn.

A candidate who is allotted a seat will be required to pay an amount of Rs. 25,000/- at the time of counseling /admission to reserve the seat. This includes Rs. 10,000/- (Non Refundable) as Registration Fee + Rs 15,000/- as Advance Fee to be adjusted against the balance fee.

The candidates will be given 10 working days from the date of reserving his seat to deposit the balance fee.

Note:

FDDI reserves the right to change the campus and / or programme of a student if the enrolment for that specific program at the campus is less than 20 students. Subsequently student will be required to pay fee and other charges as applicable for that specific campus and / or programme.

Based on the information provided by the candidate in the application form while applying online, the candidate will be provisionally allowed to appear for the FDDI AIST 2025 Entrance Examination. It will be the responsibility of the candidate to provide valid certificates at the time of admission.

HOW TO APPLY

FOR ADMISSIONS 2025, ALL CANDIDATES ARE REQUIRED TO SUBMIT ONLINE APPLICATION FOR ALL INDIA SELECTION TEST (AIST) 2025.

HOW TO FILL THE ONLINE APPLICATION FORM

1) Candidates are required to apply online through website: <https://fddiadmissions.qualcampus.com/>. They can access this website also through the 'Admission 2025 - Apply Now!' banner on the home-page of official website of FDDI (<https://www.fddiindia.com>)

SUBMISSION OF APPLICATION FORM

Step By Step guidelines for applying online may be referred for the purpose. The prospectus is available at FDDI website www.fddiindia.com free of cost. The application fee has to be paid through online payment gateway only. Candidates have to pay this amount for Bachelor / Master Programme he / she applies for.

- Non-Refundable Application Fee for General/OBC (Non Creamy)/GEN-EWS Category: Rs. 600/- through online payment gateway only.
- Non-Refundable Application Fee for SC/ ST/ PWD Category: Rs. 300/- through online payment gateway only.

MODE OF PAYMENT OF APPLICATION FEE: ONLINE PAYMENT (CREDIT/DEBIT CARDS)

(A) Online Payment

Payments of application fee (Rs.600/- or Rs.300/-) can be made online as explained above through any means. The bank and/or transaction charges on the application fee will be borne by the candidate. Candidates are advised to apply on or before the last date of submission of Application Form.

Candidates are advised to keep a printout/photocopy of Application Form for further reference along with proof of payment.

WINDOW TO EDIT/ UPDATE APPLICATION FORM

Prior to making the payment candidate can edit/amend the information in the online application. Once the payment has been made by the candidate he/she will not be allowed to change/modify any information by the system. However, candidates will be given an opportunity to review and correct their personal information (changing the City of Examination is not permitted) in the application form from 21st April (16:00 Hrs onwards) to 22nd April 2025 till 11:59 pm

Application fee already paid will not be refunded in case the application is found not eligible for admissions to FDDI after editing / updating of the application form.

It is the sole responsibility of the candidate to provide correct information during the application process. At any stage if it is found that the information provided by the candidate is not true, FDDI has the right to cancel his/her candidature. Any direct or indirect attempt to influence the management and employees of the institute will lead to automatic disqualification of the candidate.

After closing the window to edit the application form, the information filled up in the application form will not be changed at any stage. Therefore, candidates/guardians are advised to fill-up the application form with due diligence.

STEP BY STEP PROCESS TO FILL ONLINE APPLICATION FORM

STEP 1: New Candidate to Create Log In
(New Log In)

Essential documents
to be made ready

STEP 2: Already Logged In candidate to complete
the process of filling online application form
(Log In to your account)
Action 1: Fill application form
Action 2: Upload Photo and Signature Images
Action 3: Make Payment
Action 4: Print Application

STEP 3: Check the status
of your application.

STEP 4: Download the
admit card

REFUND POLICY FOR THE INTERNATIONAL STUDENT

In case the student had deposited the fee but is not able to join the program. The policy of refund is as below;

1. If a student who had deposited the academic and non academic fee to the institution, he/she is eligible for the refund of entire amount under following conditions:

A. Denial of VISA by the Embassy

B. Delay in issuing the VISA by the embassy by 3 months after the commencement of the program. In such cases the admission stands cancelled.

C. Demise/ serious accident of the student/terminal medical case/ death of the parent(either) before joining the program because of which the program can not be joined by the student

D. Cancellation of the admission by the institute prior to departure / discontinuation of the program by the institute

E. Civil war or war condition/earth quake of high magnitude or similar disaster because of which the student is unable to travel for study.

In all such cases the candidate has to file request to the institute in writing clearly stating the reason for seeking refund. The candidate has to submit the letter and evidence with the detail of bank account and Passport number along with the proof of payment and official letter from the bank from which the fee was credited to FDDI. The fee will be returned in the same account from where it was credited to the institute. A confirmation of account detail shall be submitted by the student prior to transfer of the fee by FDDI.

In all the cases above the institute will deduct 5% of the total amount deposited towards administrative cost prior to remittance to the bank. In case of cancellation of the admission by the student by own prior to arrival in India, the same shall be dealt as per the existing fee policy for the student.

In case, the student has joined the institute and do not wish to continue the program, the fee in such cases will be dealt with existing rules and regulations of fee policy.

RESERVATION FOR SC/ST, OBC, EWS & DIFFERENTLY ABLED CANDIDATES

- Institute reserves 15% seats for Scheduled Caste (SC) and 7.5% seats for Scheduled Tribe (ST) and 27% seats for OBC (Non Creamy) candidates respectively in each programme for regular seats.
- 3% seats are reserved for differently abled candidates in each programme for regular seats as per the Persons with Disability Act 1995. Such candidates should submit the disability certificate issued by medical board notified by State / Central authority certifying their disability as 40% or more.
- 10% seats are reserved for Economically Weaker Section (EWS) as per MHRD office memorandum number 12-4/2019-UI dt. 17/01/2019. (As per MHRD office memorandum number 12-4/2019-UI dt. 17/01/2019 regarding Reservation for Economically Weaker Section (EWS), candidates who are not covered under the scheme of reservation for SCs, STs and OBCs and whose family has gross annual income below Rs. 8 lakh (Rupees eight lakh only) are to be identified as EWSs for benefit of seat reservation in FDDI Admissions 2025)
- Candidate applying under OBC quota has to satisfy the caste and creamy layer requirement details. National Commission for Backward Classes (NCBC) websites may be seen for reference :

(a) <http://www.ncbc.nic.in/backward-classes/index.html>

(b) <http://www.ncbc.nic.in/html/creamyayer.html>

- Candidate applying under this OBC quota are to produce a Caste Certificate issued not before April 01, 2024 from the Competent Authority of the respective States/ Union Territories certifying that they don't belong to the creamy layer. Failure to produce an appropriate certificate shall make the candidate ineligible.
- The caste which is mentioned in the OBC document should find its mention in the central list of OBC available at the below mentioned links :
<http://ncbc.nic.in/backward-classes/index.html>
- The candidate should possess an OBC (Non-Creamy) certificate issued in the name of the candidate and not in favour of the respective parent/guardian.
- The OBC (Non-Creamy) certificate should clearly mention that the candidate belongs to the non-creamy layer.
- Candidates belonging to the Creamy Layer of OBC are not entitled to apply under the reserved category OBC(NC) and will have to submit their application under General (Unreserved) category.
- In case of married women applying to any course under reserved category, she has to produce the caste certificate in her own name. Certificate in the name of husband/mother/father is not acceptable.

**FEE CONCESSION FOR RESERVED CATEGORY CANDIDATES
(ONLY FOR THOSE WHO HAVE NOT APPLIED FOR ANY SCHOLARSHIP PROVIDED BY
ANY GOVERNMENT /PRIVATE BODY)FROM 2024 - 2025**

FDDI will provide 10% (Fee Concession on tuition fee) to reserved category candidates -Scheduled Caste (ST), Scheduled Tribe (ST), OBC (Non-Creamy)*, and Economical Weaker Session (EWS)*, Person with Disability (PwD)

This concession is only for those reserved category students/candidates who have not applied the Scholarship provided by any government or private body in any form.

Criteria for the 10% concession on the tuition fee mentioned below:

- (i) The concession will be open to Indian Nationals Only. Not applicable for NRI / Industry Sponsored/Foreign Nationals.
- (ii) For OBC and EWS category*, the concession will be paid to the students whose parents' / guardians' income from all sources does not exceed Rs. 8,00,000 (Rupees Eight lakh only) for OBC and EWS category during the last Financial Year. The income certificate shall be issued by the Authority as decided by the State / Central Government. This has to produce every year depend upon the eligibility.

The students getting any other financial assistance / reimbursement / scholarship / stipend towards expenditure on education from any other source viz Central / State Government / PSU (Public Sector Undertaking) / Trusts / private persons etc. shall not be eligible to apply for the financial assistance under this scheme.

FEE CONCESSION FOR FDDI BACHELOR'S STUDENTS WHO WOULD LIKE TO PURSUE MASTER'S DEGREE AT FDDI FROM 2024-2025

FDDI may provide 10% fee concession on first year tuition fee (semester -wise) to FDDI students who have completed the bachelor's degree with 7.0 CGPA and would like to pursue master's degree from FDDI. Students have to fulfil the eligibility criteria for the masters' program.

Students have to write AIST and based on the merit list, seat will be provided. This fee concession is not on the basis of AIST merit.

For the continuation of Fee concession to the students in 2nd year of postgraduate level, minimum average 6.0 CGPA in the last two consecutive semesters will be a necessary condition. The students will be required to submit their application for continuation of financial assistance in the next year along with all the documents in the beginning of the semester.
