

Advertisement for the post of Project Research Scientist-I

Applications are invited from qualified individuals for the post of Project Research Scientist-I available in Dr. Ashish Misra's laboratory at Indian Institute of Technology Hyderabad in an ICMR sponsored project "Targeting the Splicing and Stability of Androgen Receptor Splice Variants in Castration-Resistant Prostate Cancer".

The project will combine a variety of genetic and biochemical tools with microfluidics to design and construct a platform for combinatorial drug profiling in the 3D models of prostate cancer.

1	Name of post	Project Research Scientist-I
2	Number of positions	1
3	Fellowship	Rs. 56,000 per month
4	HRA, if applicable	27% (Rs. 15,120 per month)
5	Tenure of the post	Contract period initially for 6 months and can be extended upon satisfactory performance and funding availability
6	Essential qualifications	<ul style="list-style-type: none"> - First Class Post Graduate Degree, including the integrated PG degrees - Second Class Post Graduate Degree, including the Integrated PG degrees with PhD All allied areas of Life Sciences including Pharmacology, Bioengineering, Biotechnology, Biosciences and relevant fields will be considered
7	Desirable qualifications/ Experience	Candidates with PhD in all allied areas of Life Sciences with first author research publications in relevant prestigious journals. Prior experience or training in cell culture/ drug handling and processing/ animal handling/ microfluidics/microscopy and molecular biology techniques is desirable.
8	Age limit	35 yrs
